About Us

Welcome to the world of Dumaka Holdings, where excellence is our foundation and innovation is our driving force. We are a growing company that dares to dream big and constantly strives to surpass expectations.

At Dumaka Holdings we specialize in mining, plant hire, industrial cleaning, Personal Protective Equipment, civil construction, Health and Safety, Imports and Exports, marketing and communications, pump services and repairs.

As an emerging company we pride ourselves on our personalized approach to each client. We exert ourselves in understanding our clients' unique needs and then tailor-make our solutions to meet those needs with precision and care.

Our Vision

Our main vision is to become the key role player, credible, and respected service provider in all the services we render.

Our Mission

DUMAKA HOLDINGS aims to contribute to the growth of the economy of South Africa by creating jobs for the majority of citizens and providing a cost-effective satisfactory service to our clients.

Our mission is to create employment, create generational wealth, build capacity, and alleviate poverty.

Our Values

Our organization is laid on a foundation of profound values that are upheld in delivering great service to our customers. These values are:

▣ Service Of Excellence

This is our number one priority for the complete satisfaction of our customers. Our focus point is excellence and quality. We have an extraordinary dedication to fulfilling the desires and demands of our customers.

▣ Company Accountability

Mediocre performance is not excused; each member of the company is expected to act positively to satisfy the company as well as the customer.

▣ Social Responsibility

The core existence of any business is to enhance profit margins. However, as DUMAKA HOLDINGS, we understand that we are part of a broader society. Therefore, in achieving our vision, we will contribute to the moral and social responsibility, in partnership with the government and other relevant civil society organisations, to address the socio-economic challenges that plague our society.

▣ Empowerment

Our team is determined to pursue the mission using the values. The company is committed to empowering through the following initiatives: skills transfer, education, training, and community development.

▣ Transparency

We pride ourselves on the excellence with which we deliver our products and services to our customers. We believe the best way to do so is through transparency.
